Attached is the Salem resident's feedback after meeting with the Allegor (per the allegation panel disposition record). We have closed this issue out technically, but I believe we are still waiting on the DOL ALJ (on appeal).

Thanks.

Leanne,

We met with the allegor on Mon., 11/9. He did not provide any new information which would indicate that there is a present safety concern. We thanked him for his time, but also let him know that we saw no safety concern. He did not have any strong objection to that, but is obviously disgruntled about other issues surrounding his working conditions. I followed up a little more with the IST folks, and am satisfied that we can close this out with no more action. Any questions, give a call.

Jeff
