One more thing about the OI letter for 0018 - have Scott Barber concur, alongwith Larry Doerflein, and skip Dan Holody. (Scott is back and Dan wants allegs going back through him now.)

Leanne - Dan Holody and I discussed the e-mail re: 0020, reiterating what we had discussed Friday (After discussing the file with Ray Lorson and Brian McDermott, I had e-mailed everyone about my needing help with the response and we decided to resolve issues 6/21, 6/22) I acknowledge the blown ECD on that- Since Scott is back today, we plan on completing the outstanding referral response issues. Possibly we can resolve issues over the phone and a written response won't be necessary. I will have updates later.

Thanks
Anne
