We talked 6/3/98 regarding this allegation.

Issue is SALEM FIRE WATCH INSPECTIONS FOR THE S2WE ROOM DURING FEBRUARY/MARCH.

OI was to obtain licensee investigation report and review for wrongdoing. None was found by OI.

OI provided allegation office with copy of document and cover memo.

DRP has reviewed documentation and found no new tech issues.

May the allegation office know how and when OI will be closing their case and what format the closure will take so the allegation may be closed.

FYI - 180 days = 9/5/98

Thanks So Much
Sharon
