Mike,

ARB package is attached. Concern 2 is the issue that needs to be reviewed as part of your inspection of 0051 and 0052.

I spoke with Pat Loudon, my supervisor. He said that I look at the one allegation (64?) while I am looking at the 52 and 51. Could you e-mail me the ARB package?

Per this E-mail the  
~~concern~~ inspection FR  
R111-2004-A-0052 and R111-  
2004-A-0051 will address  
R111-2004-A-0061 concern 2. No  
need for a followup ARB at this time. If  
the inspection FR R111-04-A-052 & 051  
Do not address concern 2 of this file  
then reARB. JK Hele
