SUMMARY

We have reviewed your application dated March 10, 2005, and your letters dated March 10, 2005, July 27, 2005, September 1, 2005, September 6, 2005, and September 7, 2005, requesting renewal of your byproduct materials license and find that we need additional information as follows:

I was able to verify the iodine-125 sealed source you requested, pursuant to continuing authorization for materials in 10 CFR 35.400. However, I could not verify the iridium-192 sealed source you requested under Best Model 98-01. I understand that the public does not have access to the SSDR database. Therefore it may be advisable to contact your vendor and confirm that appropriate manufacturer names and model numbers are submitted in response to assure correlation with the Sealed Source and Device Registry (SSDR). The SSDR is NRC-based but manufacturers of sealed sources and devices pay for the reviews of their sealed sources and devices and therefore they each have the most current SSDR certificates for their products and can readily provide this information to you.

Please provide the radionuclides, manufacturer's names and model numbers for iridium-192 sealed sources you possess or intend to possess under 10 CFR 35.400. Please note that the information you provide to us must match up exactly with the manufacturer - provided data in the Sealed Source and Device Registry and we must be able to verify it prior to renewing authorization for 35.400 materials on this license. You may also refer to NUREG 1556, Vol. 9, Final, Section 8.5, Item 5 and Table C.2, Items 5 and 6, which reiterate the need for this kind of information for 35.400 sources for licensing purposes.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

ACTION REQUIRED

Submit the requested information within 3 calendar days (by September 10, 2005) **or contact me to arrange a different response date or mechanism for resolving this discrepancy.** Please reference control number **314270** to facilitate proper handling. Upon receipt of your response we will resume our review. Address your written response to my attention at the above address.

PLEASE DIRECT ANY QUESTIONS YOU MAY HAVE TO ME AT (630) 829-9841 or (800) 522-3025.
