Subject: Re: S/HC SCWE Assessment Results Meeting and S/HC Annual Assessment Meeting - Proposed dates

I have contacted PSEG and we are working to move up the meeting schedule to an earlier date. We have revisited June 3 as a possibility. I need additional confirmation before we can firm up that date. I will continue to pursue an early to mid June date for the meeting.

Scott/Randy, we need to move this meeting up significantly. End of June is slipping it too far. Last I talked we were talking June 14 or thereabouts as the latest, having slipped the meeting by a large amount already.

We will have to change some of our schedules if we have to. I'll talk to you tomorrow about schedule.

Steve Mannon has proposed either June 25 or June 24, in preference order for the Salem/HC SCWE Assessment Results Meeting. Are either of these dates acceptable?
