RE: Mail control Number 137635- Addition of Authorized Medical Physicist

Dear Ms. Gabriel:

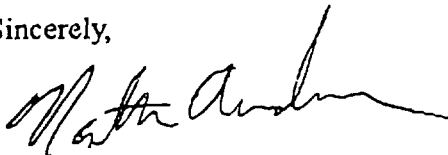

We are writing regarding your request for further information about our amendment request. We are adding just one physicist to our license, Ben Anderson. I am attaching the transcript of Ben Anderson to document his Masters Degree in Medical Physics from the University of Cincinnati. We do want to add Mr Anderson for both IVBT and HDR. This differs from what I had stated yesterday. I wanted to commit that Mr. Anderson would not participate in either the Novoste IVBT or Nucletron HDR treatment programs until he has also completed the vendor training. Upon reviewing last years vendor training records, Mr. Anderson did in fact participate in the Nucletron HDR training at the last annual review.

In light of that fact, if you could notify us as soon as Mr. Anderson is approved, I would appreciate it greatly. Thanks for all you help and as usual it is a pleasure working with you.

If there are any questions in the processing of this amendment, please contact:
