

September 29, 2005

Mr. William Levis
Senior Vice President Generation and Chief Nuclear Officer
PSEG Nuclear LLC
Hope Creek/Salem Generating Stations
P.O. Box 236
Hancocks Bridge, NJ 08038

SUBJECT: RESPONSE TO ORDERS REQUIRING IMPLEMENTATION OF INTERIM
SECURITY COMPENSATORY AND ACCESS AUTHORIZATION MEASURES
FOR HOPE CREEK AND SALEM GENERATING STATIONS INDEPENDENT
SPENT FUEL STORAGE INSTALLATION

Dear Mr. Levis:

On May 5, 2005, the U.S. Nuclear Regulatory Commission (NRC) issued Orders (EA-05-086 and EA-05-087) to Public Service Enterprise Group Incorporated Nuclear (PSEG Nuclear) requiring implementation of interim safeguards and security compensatory measures (ICM) and additional security measures (ASM) associated with access authorization, respectively, for its dry storage independent spent fuel storage installation at the Hope Creek and Salem Generating Stations. On May 24, 2005, PSEG Nuclear submitted its written response to the ICM and ASM Orders.

Based on our review, the NRC staff finds PSEG Nuclear's response to the Orders acceptable. NRC will determine the effectiveness of your implementation of the ICMs through on-site inspections. If you have any questions about this letter, please call me at 301-415-1169.

Sincerely,

/RA/

Paul W. Harris, Senior Project Manager
Transportation and Storage, Safety and Inspection
Spent Fuel Project Office
Office of Nuclear Material Safety
and Safeguards

Docket No. 72-48
