ALL STATE LIAISON OFFICERS
AGREEMENT STATE RADIATION CONTROL PROGRAM DIRECTOR'S

TRANSPORTATION REGULATION UPDATE SEMINAR TAPES

We recently provided notice to the Agreement States that we would be sending each Agreement State a copy of two DVDs containing the two day course lectures for the "Transportation Regulation Update Seminar" and a CD with the course handouts and materials used in the training session. A copy is enclosed. In addition, we are also providing a copy to each State Liaison Officer and ask that each of you receiving a copy share the course materials with other State staff who may have an interest or need for these materials. We believe the video and course material will help you and your staff understand the revised transportation regulations which will become effective on October 1, 2004.

Please note that you may copy and redistribute the DVDs and CD to meet your needs.
