Items to address in response to Representative Sue W. Kelley from meeting on Friday, September 23, 2005.

- A full written account on what happened and why
- Wants to know why NRC delayed telling the public about the leak
- What is happening to the contaminated soil
- Wants a sit-down with NRC on these issues

Additional issues:

- On the siren power issue she wants to know if the two year timeframe is reasonable, should it take that long? Is Entergy making this a priority?
- Update on the cable separation issue
- Bullet on our reporting criteria for an incident like this
- Include Charter for Special Inspection of Indian Point Spent Fuel Pool and the inspection report from the Salem Special Inspection
