MEMORANDUM TO AMS FILE NO.: RIII-95-A-00726

FROM: John Jacobson, Fuel Facility Inspector
Fuel Cycle and Decommissioning Branch

SUBJECT: TELEPHONE CONTACT WITH []
ABB COMBUSTION ENGINEERING QC TECH

I spoke with [] the quality control technician that []
referred to in our previous telephone conversation. He stated that
he had heard through the plant grapevine that [] an HP technician,
had been suspended for three days for "not writing something" or possible
falsification of records. He was not sure what type of records were involved
and had not spoken with [] himself. He was not able to provide any more
specific information than [] in [] original conversation. Subsequent to
my conversation with [] I received a message on voice mail from the
Regulatory Compliance Manager inquiring about my interest in [] and
offering to discuss the licensee's investigation of [] []
