<p>Name of Licensee: United States Pipe and Foundry Company</p> <p>Name of Participant(s): Sattar Lodhi (caller); Paul Waxmonski, Plant Engineer</p> <p>Telephone No. 609 387 6111 or 609 387 6112 (Kevin M. Mudrick)</p> <p>Subject: Incomplete renewal application <small>(NOTE: This will be used as the Documents Title in ADAMS)</small></p>		
<p>Summary: The renewal request did not provide any information except to renew the license and replace the RSO. The letter did not have any telephone number or the signatory's (Kevin Mudrick) title. I found a contact number in docket file and called Paul Waxmonski (Plant Engineer). He stated that Kevin is not a member of management and they can have the plant manager sign the request. I requested him to have Kevin call me so that I can explain to him what information is needed for renewal. He promised to have Kevin call me. Kevin called me at 2:30 and stated that he has passed the RSO test and is the new RSO. I explained to him the need to submit a complete application for renewal and informed him that he should use the guidance provided in NUREG 1556, Vol. 4 (Appendices A and B). I also asked him that the application and all future correspondence must be signed by a member of senior management. He will submit the application soon. I gave him RI fax number.</p>
