Subject: USEC/NRC conference call summary on depleted uranium tails disposition cost estimate

In a conference call on 9/28, NRC (Joe Giitter, Brian Smith and Yawar Faraz) informed USEC Inc. (Pete Miner, Vick Lopiano and Dave Couser) that USEC should obtain from DOE, a cost estimate for dispositioning the tails with its bases, as was provided by DOE to LES. USEC acknowledged the request but did indicate that it was concerned about any adverse impact this would have to the licensing schedule.
