Reference: Letter RA 05-0094, dated August 24, 2005, from K. J. Moles, WCNOC, to
USNRC

Subject: Docket No. 50-482: Corrected Semi-Annual Fitness for Duty Program
Performance Data Report

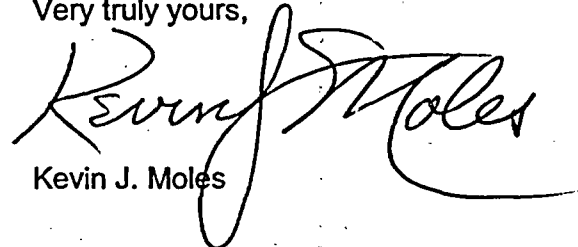

Gentlemen:

The reference submitted the Wolf Creek Nuclear Operating Corporation (WCNOC) Semi-Annual Fitness for Duty Program Performance Data Report for the six-month period beginning January 1, 2005 through June 30, 2005. After submittal, WCNOC identified two errors. The percentage rate of random screens and the average number of personnel with unescorted access were reported incorrectly.

The attachment to this letter provides the corrected Semi-Annual Fitness for Duty Program Performance Data Report for WCNOC, in accordance with 10 CFR 26.71(d). This report covers the six-month period beginning January 1, 2005 through June 30, 2005. WCNOC regrets any inconvenience the error and its correction may have caused. There are no commitments contained within this correspondence.

If you have any questions concerning this matter, please contact me at (620) 364-4126, or Diane Hooper at (620) 364-4041.

Very truly yours,

Kevin J. Moles

WOLF CREEK-NUCLEAR OPERATING CORPORATION
Fitness for Duty Events (FFD)
Report for Period of January 1, 2005 through June 30, 2005

TEST RESULTS

Wolf Creek Nuclear Operating Corporation (WCNOC) performs random testing of the workforce at an annual rate of at least 50 percent in accordance with 10 CFR 26.24(a)(2). For the six-month period beginning January 1, 2005, and ending June 30 2005, random screens were performed at a rate of 28.52% of the WCNOC population. |

WCNOC submitted blind performance specimens in accordance with 10 CFR 26, Appendix A, Section 2.8(e)(2), requirements. There were no reportable events.

WCNOC Employees

During this reporting period, no employee tested positive for drugs or alcohol.

Contractors

During this reporting period, two contractors tested positive for amphetamines, one for marijuana, and one for cocaine on pre-access tests. Unescorted access was denied.

For-cause testing was performed on one contractor for reasonable suspicion. The individual tested positive for amphetamines and unescorted access was revoked/denied.

One contractor had a for-cause test performed after the smell of alcohol was detected prior to entering the protected area. The individual tested positive for alcohol and unescorted access was revoked/denied. The individual completed the requirements of 10 CFR 26 and WCNOC procedures and unescorted access was reinstated. The individual was not placed in the follow-up program.

One contractor had a for-cause test performed after the smell of alcohol was detected. The individual tested negative and no further actions were taken.

For-cause testing was also performed on two contractors for post-accidents tests. Unescorted access was suspended until negative results were received. Unescorted access was reinstated.

One contractor's unescorted access was revoked/denied for not adhering to the EAP's requirements as recommended after reinstatement.

Summary of Management Actions

The contractor who's unescorted access was revoked/denied for not adhering to the EAP's requirements appealed the denial. Management reviewed the appeal and the decision for denial was upheld.

Fitness for Duty Program Changes

No programmatic problems were identified during this reporting period.

Events Reported in Accordance with 10 CFR 26.73

During this reporting period, no licensed operator or supervisor tested positive, and no significant FFD event reports were made.
