Subject: Most Up-To-Date Q&A / Status on the VY Missing Fuel Segments

Branch 7 is conducting their Annual Assessment Meeting at TMI on Thursday, 5/20. We anticipate being challenged/questioned on the subject of the two missing fuel segments at Vermont Yankee.

Do any of you have an up-to-date Q&A or status discussion on this issue? I have something sent around to the staff shortly after the event, but it is now 3 weeks old.

Thanks for your help!
