Mr. Gaines,

On behalf of Pa'ina Hawaii, I am pleased to submit a copy of the "**Honolulu International Airport Master Plan Update & Noise Compatibility Program, Environmental Assessment.**"

The lots we are proposing to locate the irradiator on are part of the South Ramp area discussed on page 1-3 of the document. The over all conclusion of the Assessment are that no historical, archeological, and cultural resources would be affected by the airport's development (pg 4-3). Nor would there be any impact on Endangered or Threatened Flora and Fauna (pg 4-4).

Thank you for your time.

Regards,

Andrew E. Buchan
