<div style="display: flex;"> <div style="width: 25%; border-right: 1px solid black; padding-right: 10px;">Summary:</div> <div style="padding-left: 10px;"> <p>The licensee's application in Item 9 appeared to indicate that licensed material in quantities below the quantities specified in 10 CFR 30.71, Schedule B (exempt amounts) do not require the same security as those above the Schedule B quantities. I called the licensee to discuss this item.</p> <p>Tony Burzese (RSO) stated that their facilities are locked and very secure and unauthorized individuals are not permitted. I explained to them that all material that is acquired under the license remains licensed material regardless of the amount and must be secured from unauthorized access as required in 10 CFR 20.1801, and 1802. They assured me that all licensed material remains secured from unauthorized access.</p> </div> </div>
