Dear Dr. Peck:

It has come to our attention that Amendment No. 41 issued on October 14, 2005, contained an error in that no "Material and Use" authorization was listed for Bruno F. Borin, D.O. in Condition No. 12.B.

Enclosed is a corrected copy of Amendment No. 41 reflecting the proper authorization for Dr. Borin as requested. We apologize for any inconvenience this may have caused you.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>. The enclosed license document is exempt from public disclosure in accordance with 10 CFR 2.390, because its disclosure to unauthorized individuals could present a security vulnerability.

Sincerely,

A handwritten signature in cursive script, reading "Colleen Carol Casey", is written over the typed name.
