(2) Friends of Lake Anna letter dated 16 Sep 05 to VDEQ & NRC forwarding newspaper articles & also a Wyndemere Property Assoc letter dated 10 Sep 05 who has similar concerns. The number of people supporting the Friends of Lake Anna was approximately 2,100.

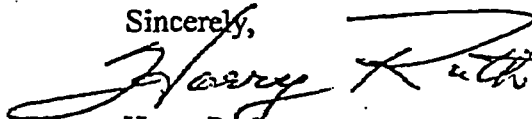

Dear Ms. Irons and Mr. Cushing,

Enclosed please find letters from three different property owners associations that border Lake Anna who support the Friends of Lake Anna and share similar concerns with the expansion of the North Anna nuclear power plant..

Association Name	Address	# of persons represented
Windwood Coves Property Owners Assoc.	Mineral, Va.	263
Tyler View Property Owners Assoc	Lake Anna, Va.	18
Valentine Wood Recreation Assoc	Bumpass, Va.	<u>33</u>
Total Additional		314

Please place this letter together with the above letters in Tab 3 of the previous notebook forwarded to your office. This now places the number of people that support the Friends of Lake Anna concerns with the proposed expansion of the North Anna power plant at approximately 2,400.

Sincerely,

Harry Ruth

Mr. Harry Ruth
Friends of Lake Anna

Dear Mr. Ruth;

Windwood Coves is a community of 263 owners and residents. Our property owner's association has an elected board and I am currently the board's president and chief managerial officer. I am empowered to speak for the entire community.

At our August board meeting, the board members voted to support your efforts on behalf of Lake Anna residents, property owners, and visitors. We are particularly concerned about the health risks associated with water heated above body temperature.

Please consider Windwood Coves a supporter of your organization and your plans.

Sincerely;

L. E. Zemke

SUBJECT: CONCERNS RE ADDING A 3RD AND 4th REACTOR TO THE NORTH ANNA PLANT

Dear Sirs:

The Tyler View Property Owners Association located at Lake Anna, Virginia that represents 18 people including several permanent residents of Louisa County, hereby petition your office to not issue any permits to Dominion Resources until they have negated all the (1) Increase in water temperature's up to 113F and (2) Increase in water flow rate concerns identified in the 17 August 2005 letter from Ruth Estates Property Owners Association to the Virginia Department of Environmental Quality and (3) Resolved the inadequate water supply in the watershed issue to our satisfaction. It is our hope that Dominion will find the necessary technical means to negate each of the concerns. We also agree with all the concerns and other points made in the above referenced letter.
