Subject: Dominion Reactor

Good Morning Gentlemen,

I am writing this note to support those others that have serious, legitimate concerns regarding Dominion's proposal for a 3rd reactor on Lake Anna. Our family has been tax payers for the last 18 plus years in Louisa County and we hope to retire to the lake in a couple of years.

Obviously this decision and our decision to even retain ownership of our lot in Sailor's Rest will be immediately impacted by this issue and the quality of water activities if Dominion is allowed to move forward in their proposed fashion.

Our family solidly endorses the position of the attached communication and respectfully requests your immediate attention in this matter.

Our family is not anti nuclear and this attitude should be clear enough with our decision to purchase property and build a home there to begin with but we are concerned with the safety of our children and grandchildren.

If either of you wish to contact me, please use my business address or contact us at home at 410-544-4105. Our home address is 207 Serenade Court, Millersville, Maryland 21108.

Thank you both for your attention in this matter,

Ken
