Summary: 8:23am I contacted Mr. Lairmore to ask for a list of monitoring instrument that the licensee owned to supplement information in section 9.2 of their renew application. There was no answer and I left voicemail. 10:20am. Mr. Lairmore returned the call giving me a list of the instruments and I informed him that the list should be in writing. He asked why does he have to supply the information when he never had to do so in the past. I referred him to NUREG 1556 Vol 9 Rev. 1 and told him that section 8.16 may be helpful to him in answering the question. He said he would fax the necessary information to me.
