

April 4, 2005

Mr. Wayne Norton
President
Connecticut Yankee Atomic Power Company
Haddam Neck Plant
362 Injun Hollow Road
East Hampton, CT 06424-3099

Dear Mr. Norton:

The personnel listed below are representatives of the U.S. Nuclear Regulatory Commission who will be visiting the Haddam Neck Nuclear Power Station during the week of April 11, 2005.

Messrs. Schmidt and Watson are NRC employees who request unescorted access to your facility. They have completed general training in radiological protection, security and personal safety comparable to that furnished by you to regular site employees. Accordingly, please provide the appropriate site specific training covering, for example, pertinent radiological conditions in the plant, or unusual work hazards or conditions, commensurate with unescorted access requirements. Mr. Peckenpaugh is an NRC employee who requests escorted access. He has not completed the general training you furnish and will require escorted access.

Mr. Adams is an NRC contractor who requests unescorted access to your facility. He has completed general training in radiological protection, security and personal safety comparable to that furnished by you to regular site employees. Accordingly, please provide the appropriate site specific training covering, for example, pertinent radiological conditions in the plant, or unusual work hazards or conditions, commensurate with unescorted access requirements. Ms. Brown and Mr. Herrera are contractors who request escorted access. They have not completed the general training you furnish and will require escorted access.

NRC contractors are not currently covered by the NRC employee exemption to the Fitness-For-Duty rule and are, therefore, subject to the requirements of your Fitness-For-Duty program.

The Enclosure to this letter contains Official Use Only information and its distribution has been limited to the addressee only. The Enclosure is effective upon receipt and expires on May 31, 2005. We appreciate your cooperation with us in this matter.

Sincerely,

/RA/

Allan M. Fisher, Director
Division of Resource Management

Enclosure:

As stated (~~Contains Official Use Only Information~~)

Docket No. 50-213

~~"OFFICIAL USE ONLY"~~HADDAM NECK NUCLEAR POWER STATIONDOCKET NUMBER 50-213

This certifies that the individuals listed below are employees/contractors of the U.S. Nuclear Regulatory Commission. Based on review of employment and other records, as indicated below, the NRC has high assurance that the personnel identified below are trustworthy and reliable and do not constitute an unreasonable risk to the health and safety of the public, including the potential to commit radiological sabotage, and, on this basis and pursuant to 10 CFR Part 73.56(c)(3), the persons listed should be granted unescorted/escorted access to both the vital and protected areas of the facility.

U.S. NUCLEAR REGULATORY COMMISSION

<u>Name</u>	<u>SAT/Date</u>	<u>Clearance</u>	<u>Badge No.</u>
Duane W. Schmidt	12/2004		
Bruce Watson	12/2004		
Jon M. Peckenpaugh	-----		

OAK RIDGE INSTITUTE FOR SCIENCE AND EDUCATION

<u>Name</u>	<u>SAT/Date</u>	<u>Clearance</u>	<u>Badge No.</u>
Wade Adams	12/2004		
Teresa Brown	-----		
Timothy Dean Herrera	-----		

A "Q" access authorization is based on a satisfactory full-field investigation conducted by the Office of Personnel Management (OPM), the Federal Bureau of Investigation (FBI), or another U.S. Government agency which conducts personnel security investigations.

An "L" access authorization is based on a satisfactory National Agency Check (NAC) conducted by the Office of Personnel Management.

~~“OFFICIAL USE ONLY”~~
