**Subject:** Additional questions concerning renewal of License No. 37-28520-01

License No.: 37-28520-01  
Docket No: 030-31697  
Control No: 137489

In order to complete my review of your license renewal, I will need the following additional information:

1. Please describe the scope of activities that will be performed at each base site that is listed on your application (i.e. base hot lab, patient imaging, etc.). A base site is defined as a location where licensed material is received, stored and sometimes used. In addition, please specify whether each base site is located in a medical institution, non-institutional medical practice, commercial facility, etc.
2. Please confirm that The Tomayko Group has full responsibility over each base site, in order to ensure compliance with all applicable regulatory requirements.
3. Please confirm that you are not providing mobile medical services to clients (non-licensee) located within a licensed medical institution.

Please note that you may not reply to this letter by return e-mail. Your reply must be in writing by letter or facsimile (610-337-5269). If we do not receive a reply from you within 30 calendar days from the date of this e-mail, we will assume that you do not wish to pursue your application.
