Neil,

ADAMSIM has updated the release date to show 7/28. The public can access the 2 records today using Citrix or tomorrow using web access. There is a one day lag time for all public documents to be posted to the web because the indexing is done in the evening.

Note, there are 2 more records that are part of Supplement 8 that were put into ADAMS as non-publicly available that should be publicly available. We are working with ADAMSIM to correct this. Hopefully by tomorrow the public should have full access to all portions of Supplement 8.

Thanks,

Rick

Thanks, Rick. Yes, if you could ask the DCC speed up the release, that would be helpful. It doesn't make any sense to hold back the availability of documents Entergy filed with us on 7/2.

Neil,

No that's not it. I think she is looking for Supplement 8 dated 7/2/04 which provided RAI responses. I just checked and it's been added to ADAMS. However, the DCC didn't make it publicly available until 8/4. I asked for immediate release since it was submitted so long ago. I will work with DCC to change the release date. There are 3 ADAMS records associated with the 7/2/04 submittal (2 are publicly available). If you want, you can give Susan the accession nos. and she will be able to access them as soon as DCC fixes the release date. The MLs are:

Cover letter - ML042080464
Attachments 2, 3, 4, and 5 - ML042090103

(Attachment 1 is proprietary).

Thanks,

Rick

Rick,

Is this the report Susan Smallheer was looking for re: VY steam dryer issues? (She asked about it again today.) I didn't see a cover sheet on it, but this came up when I tried searching for VY and steam dryer.
