SUBJECT: SUMMARY OF MEETING HELD ON OCTOBER 19, 2005, WITH  
BACOU-DALLOZ/DELTA PROTECTION REGARDING SUBMITTAL OF  
A TOPICAL REPORT RELATED TO MURUROA BLU SELF-SUPPLIED  
AIR-PURIFYING SUITS

On October 19, 2005, at the request of the Bacou Dalloz/Delta Protection (Delta Protection), the Nuclear Regulatory Commission (NRC) staff met with the representatives of Delta Protection to discuss submittal of a topical report related to Mururoa BLU self-supplied air-purifying suits.

The meeting began with a NRC staff presentation on the background and overview of the NRC's Topical Report Program. Items discussed included summary of acceptance criteria and their exceptions, review fees, exemptions to the fee recovery requirements, and summary of the review process steps.

After the NRC presentation, Delta Protection representatives made a presentation on the Bacou Dalloz/Delta Protection Company in general and the Mururoa BLU self-supplied air-purifying suits, in particular. Delta Protection discussed the BLU suits' design and performance, and provided details of the related topical report it plans to submit for NRC staff review. Delta Protection also discussed the steps, costs and time line for the review and approval of the topical report, and stated that the topical report will be submitted in two weeks with an expectation that it will be approved by the NRC within three months. The NRC staff made no promises and reminded Delta Protection of the topical report review process steps, including the acceptance review process and establishing a mutually agreed-upon review schedule. After the presentation, Delta Protection expressed its appreciation to the NRC staff for the meeting.

At the conclusion of the meeting, the NRC staff expressed its appreciation to Delta Protection for the meeting. An attendance list is attached. There were no members of the public present at the meeting. The slides used during the meeting are available in the Agencywide Documents Access and Management System under accession number ML053040299.
