ADM002

This supplemental agreement modifies the contract to reflect a termination settlement agreement for cost and to terminate the contract. As a result, both parties agree to the following:

(a) This supplemental agreement settles the settlement proposal of SC&A, Inc., dated June 30, 2004, resulting from the Notice of Termination dated May 24, 2004.

(b) The parties agree to the following:

(1) The Contractor certifies that all contract termination inventory (including scrap) has been retained or acquired by the Contractor, sold to third parties, returned to suppliers, delivered to or stored for the Government, or otherwise properly accounted for, and retention credits have been used in arriving at this agreement.

(2) The Contractor certifies that each immediate subcontractor, whose settlement proposal is included in the proposal settled by this agreement, has furnished the Contractor a certificate stating (i) that all subcontract termination inventory (including scrap) has been retained or acquired by the subcontractor, sold to third parties, returned to suppliers, delivered to or stored for the Government, or otherwise properly accounted for, and that all proceeds and retention credits were used in arriving at the settlement of the subcontract, and (ii) that the subcontractor has received a similar certificate from each immediate subcontractor whose proposal was included in its proposal.

(3) The Contractor certifies that all items of termination inventory, the costs of which were used in arriving at the amount of this settlement or the settlement of any subcontract settlement proposal included in this settlement, (i) are properly allocable to the terminated portion of the contract, (ii) do not exceed the reasonable quantitative requirements of the terminated portion of the contract, and (iii) do not include any items reasonably usable without loss to the Contractor on its other work. The Contractor further certifies that the Contracting Officer has been informed of any substantial change in the status of the items between the dates of the termination inventory schedules and the date of this agreement.

(4) The Contractor transfers, conveys, and assigns to the Government all the right, title, and interest, if any, that the Contractor has received, or is entitled to receive, in and to subcontract termination inventory not otherwise properly accounted for.

(5) The Contractor shall, within 10 days after receipt of the payment specified in this agreement, pay to each of its immediate subcontractors (or their respective assignees) the amounts to which they are entitled, after deducting any prior payments and, if the Contractor so elects, any amounts due and payable to the Contractor

by those subcontractors.

(6)(i) The Contractor has received \$1,526,022.56 for work and services performed, or articles delivered under the contract before the effective date of termination. The Government confirms the right of the Contractor, subject to paragraph (7) below, to retain this sum and agrees that it constitutes a portion of the total amount to which the Contractor is entitled in complete and final settlement of the contract.

(ii) Further, the Government agrees to pay to the Contractor or its assignee, upon presentation of a proper invoice or voucher, the sum of \$67,555.15, arrived at by deducting from the sum of \$1,593,577.71 (A) the amount of \$0.00 for all unliquidated partial or progress payments previously made to the Contractor or its assignee and all unliquidated advance payments (with any interest), (B) the amount of \$0.00 for all applicable property disposal credits, and (C) the amount of \$0.00 for all other amounts due the Government under this contract, except as provided in paragraph (7) below.

(iii) The net settlement of \$67,555.15 in subdivision (ii) above, together with sums previously paid, constitutes payment in full and complete settlement of the amount due the Contractor for the complete termination of the contract and all other demands and liabilities of the Contractor and the Government under the contract, except as provided in paragraph (7) below.

(7) Regardless of any other provision of this agreement, the following rights and liabilities of the parties under the contract are reserved:

(i) All rights and liabilities, if any, of the parties, as to matters covered by, and regulations made implementing 10 U.S.C. 2382, as amended, and any other renegotiation authority.

(ii) All rights of the Government to take the benefit of agreements or judgments affecting royalties paid or payable in connection with the performance of the contract.

(iii) All rights and liabilities, if any, of the parties under those clauses inserted in the contract because of the requirements of Acts of Congress and Executive Orders, including, without limitation, any applicable clauses relating to: labor law, contingent fees, domestic articles, employment of aliens, and "officials not to benefit."

(iv) All rights and liabilities of the parties arising under the contract and relating to reproduction rights, patent infringements, inventions, or applications for patents, including rights to assignments, invention reports, licenses, covenants of indemnity against patent risks, and bonds for patent indemnity obligations, together with all rights and liabilities under the bonds.

(v) All rights and liabilities of the parties relating to Government property furnished to the Contractor for the performance of this contract.

(vi) All rights and liabilities, if any, of the parties under those clauses of the contract relating to price reductions for defective cost or pricing data.

(c) SC&A, Inc. unconditionally waives any additional charges against the Government because of contract termination, and releases the Government, its officials and employees, from any other obligations arising under or related to Contract No. NRC-04-01-049 due to its termination. The Government agrees that all obligations under the contract are concluded.
