RE: Request for Amendment, Clean Survey

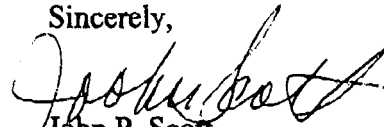

Mr. Sahar Lodhi,

In regards to our conversation on October 24, 2005, pertaining to a survey of CMTS, INC, last business address and the results of a survey for radioactive leakage from the gauges that were stored at that address. After review of the past years leak tests there was no indication of any change in the leak test results, which would indicate that none of the gauges were leaking.

If you require any other information please contact me at the number listed below.  
I appreciate your help in this matter,

**New Phone Number: 1-724-229-1007**  
**New Fax Number : 1-724-229-1007**

Sincerely,

John P. Scott  
Radiation Safety Officer
