LOCATION: Beaver Valley Power Station, Site Engineering Building
Route 168
Shippingport, PA 15077

PURPOSE: A working-level meeting to discuss FENOC's adoption of the AST
methodology for the RSG and EPU license amendment requests. The
second day will consist of an audit of proprietary calculations in support of
the AST analyses. The second day of the meeting will be closed to the
public.

CATEGORY 1:* This is a Category 1 meeting. The public is invited to observe this
meeting (first day) and will have one or more opportunities to
communicate with the NRC after the business portion, but before the
meeting is adjourned. The meeting agenda is enclosed.

Proprietary information will be discussed at certain times during this
meeting (second day). This portion of the meeting will be closed to
members of the public who have not been granted access to the
information by the owner of the information.
