

November 13, 2005

Mr. Christopher M. Crane
President and Chief Executive Officer
AmerGen Energy Company, LLC
4300 Winfield Road
Warrenville, IL 60555

SUBJECT: OYSTER CREEK NUCLEAR GENERATING STATION, PROJECT MANAGER
ASSIGNMENT

Dear Mr. Crane:

The Office of Nuclear Reactor Regulation (NRR) has been reorganized to support anticipated new-reactor licensing, risk-informed regulation, and to generally improve the effectiveness and efficiency of NRR's programs and processes. The new organization became effective on October 31, 2005.

The five divisions have been expanded to nine smaller divisions. Each division will be headed by a director and one or two deputy directors. The Division of Licensing Project Management (DLPM) has been renamed the Division of Operating Reactor Licensing (DORL) and will focus, primarily, on licensing activities. The Director of DORL is Catherine Haney. Ms. Haney's Deputy Directors are Edwin M. Hackett and Cornelius F. Holden. In the new DORL, the current first-line supervisors, Section Chiefs, have been re-designated as Branch Chiefs.

The Licensing Project Manager for your facility is Travis Tate. Mr. Tate may be contacted at (301) 415-8474 or via email at tlt@nrc.gov. Mr. Tate will be on a three-to-six month rotational assignment as the Division Director's Technical Assistant. As such, the acting project manager for your site will be G. Edward Miller. Mr. Miller can be reached at (301) 415-2481 or via email at gxm@nrc.gov.

I have been assigned as the Branch Chief for your facility. I can be reached at (301) 415-1669 or via email at [dj@nrc.gov](mailto:djr@nrc.gov). If you have any questions about the reorganization, please do not hesitate to contact me.

Sincerely,

/RA/

Darrell J. Roberts, Chief
Plant Licensing Branch I-2
Division of Operating Reactor Licensing
Office of Nuclear Reactor Regulation
