NUCLEAR REGULATORY COMMISSION

WASHINGTON, D.C. 20555-0001

ALL AGREEMENT STATES, MINNESOTA, PENNSYLVANIA

**REQUEST FOR NEW REVIEW TEAM MEMBERS AND ORGANIZATION OF AGREEMENT STATES (OAS) LIAISONS TO THE MANAGEMENT REVIEW BOARD (MRB) FOR THE INTEGRATED MATERIALS PERFORMANCE EVALUATION PROGRAM (IMPEP) (STP-05-080)**

The Office State and Tribal Programs (STP) is soliciting interest from the Agreement States for new IMPEP review team members and OAS liaisons to the MRB. Program directors should submit their staff candidates for review team members to the contact person below via E-mail. Program directors who wish to participate as OAS Liaisons to the MRB should contact the person named below for additional information. New IMPEP team members and new OAS liaisons to the MRB will be invited to IMPEP training on January 10-11, 2006, at the U.S. Nuclear Regulatory Commission Headquarters.

Following submission of candidates from the Agreement States, STP will evaluate the IMPEP team member positions needed to be filled by both new and experienced Agreement State staff for fiscal year 2006. IMPEP refresher training will be conducted along with the new member training on January 10-11, 2006. In order to more accurately meet the needs of the IMPEP program, to reduce the cost associated with travel, and to limit the burden placed on Agreement States and NRC regional offices due to the loss of staff time to attend refresher training, the refresher training policy has been modified. Only IMPEP team members who are participating in an IMPEP review during the upcoming fiscal year, and who did not participate on an IMPEP review or attend IMPEP new member training during 2005, will be required to attend refresher training. Those individuals will be invited to training once the 2006 IMPEP schedule is completed.
