

Potpourri/Requal Breakout Wrap-Up

MANTG 2005

NRC-INPO Update

- “Sense” of requal exam quality decline – do NRC findings support?
- Does INPO consider NRC expectations, beyond ACAD standards?
- Challenges posed by training staffs being used for other work assignments
- What are you doing at your site?

ES-605

- Timing of requal cycles & comprehensive written exam, new operators entry into requal program, SRO proficiency watches, submission of exam results for license renewal, etc.
- New Form 396, medical standards

Sleeping Operator Enforcement Issue

- NRC Process and Importance of Message
- Alternate Dispute Resolution
- What Constitutes Operator Inattentiveness?

IP71111.11 / SDP / Case Studies

- Potential for IP41500 Inspection
- Improved Explanation of SDP Decision Blocks
- No Real Pattern to NRC Findings

IP71111.11 / SDP / Case Studies

- SDP Ambiguity of Exam Quality Standards
- SDP Uncertainty of Number of Samples to Determine a Finding (ie, >20% Unsat)
- Evaluation Results/Failures During Cycle Quizzes, Evaluated Scenarios
- Using Licensed Operators to Evaluate Exams – What if They Score <80%
- Use of Surrogates on Requal Exams
