Brian, Last Thursday I had the following discussions with Pete and Kelly:

1. I asked Kelly why the process accident WS 3-11 was deleted? Was it merged into WS 3-12? Kelly said that she would get back to me with a response.

2. I asked Pete whether the quarterly liquid environmental effluents report is a formal report that is submitted to the State of Ohio? If it is then I requested USEC to provide me its reference. I also asked if there was a comparable arrangement for submitting atmospheric effluent data to the State of Ohio. Pete said that he would get back to me with a response.

3. Pete indicated that USEC's discussions with DOE concerning the adequacy of its tails cost estimate were ongoing.
