The Governor should be aware, since Bill Sherman's boss, David O'Brien reports to the Governor. Additionally, Bill Sherman is aware of NRC's protocol in this regard. btw, I have a call into Bill Sherman on another issue; he's out and returns to the office on Monday, 8/9.

I assume (hope) the governor knows that he has an independent member from the State on the team. Does he want another independent observer outside of the state to monitor his member (and ours)? But I agree it would be good to talk with the state to see where that is going.

Are we doing anything proactive to address the news article regarding the Vermont governor's potential request to put an observer on the engineering inspection? It may be better to start talking to the state now about what our answer would be, rather than waiting for an actual request that could come at the last minute. I am assuming the NRC's position would be consistent with the past. *rel*

In lieu of a Comm Team meeting this week; I have provided a status of all of the issues. If any team members have additional information on VY issues, please forward to me. *rel*  
Thank you.
