NOTE TO: File

FROM: Terry A. Beltz, Project Manager **/RA/**  
Plant Licensing Branch III-1  
Division of Operating Reactor Licensing  
Office of Nuclear Reactor Regulation

SUBJECT: MONTICELLO NUCLEAR GENERATING PLANT - CLOSURE OF TAC FOR  
IMPROVED TECHNICAL SPECIFICATION (ITS) CONVERSION BEYOND  
SCOPE ISSUE (BSI) 3.3.3.1, DOC L.2, POST-ACCIDENT MONITORING (PAM)  
INSTRUMENTATION (TAC NO. MC7505)

This note to file closes TAC No. MC7607 related to the Monticello ITS conversion for  
BSI 3.3.3.1, DOC L.2, PAM instrumentation.

The Technical Specifications Branch (C. Schulten) has indicated that this is not a BSI requiring  
engineering review and that TAC No. MC7607 should be closed. The Technical Specifications  
Branch will perform an assessment of this specific ITS issue under TAC No. MC7505 for the  
overall Monticello ITS conversion.
