Dear Sir:

In accordance with the referenced document, the actions discussed in the Confirmatory Order, Section V, Item 1 have been addressed. Specifically I have completed the following actions: I have participated in training sessions at Pilgrim, including crew training, teamwork training, lifestyle training, and requalification module development, to convey my personal lessons-learned from this matter. I have conveyed my personal lessons-learned to other licensed operators at other nuclear power plants by issuance of a letter to the Communicator (the publication of the Professional Reactor Operator Society) requesting publication therein. I am currently on the agenda to make a presentation at the next meeting of the Professional Reactor Operator Society, which will be sometime in June of 2006.

Please feel free to contact me if there are any questions.

Sincerely,
