RECEIVED

Dear Sir/Madam:

CraftMaster Manufacturing, Inc. (CMI) has recently arranged for a replacement of our specifically licensed DMC Thickness Gauge with a generally licensed device manufactured by Thermo Electron. The specifically licensed Cm-244 source and source holder will be removed and transferred to the Thermo Electron License during the week of December 12, 2005.

Upon completion of this project, CMI shall provide the USNRC with the required license termination documentation in a timely manner. Due to the imminent termination of the specific license, CMI requests that the USNRC authorize an extension to the renewal license fee due date.

If there are any questions please contact my office at (570) 268-8738.

Regards,

Bart Bushen
Industrial Hygiene Advisor
