Sounds good.

We will coordinate with the inspection program branch on inspection staffing.

Hub, I spoke with Bill Borchardt, and I thought he was going to talk to you or Jim W. I suggested that you ship that down here. We will respond to his technical "demands", and the inspection branch would work with your staff to develop a response to his request for gainful employment.

Brian, we need to decide on how to process Paul Blanch's recommendations and request to be a member of the inspection team. His request may very well be made public and any response we provide may as well.

Pls coordinate with NRR and advise on how we should handle.

Thanks.
