OFFICE OF SECRETARY  
RULEMAKINGS AND  
ADJUDICATIONS STAFF

comments: I think it is about time someone has realized that Exelon is working certain work groups way to many hours. I commend you on taking action against them, they are making record profits and working there employees like slaves. We are getting older in the stations and they refuse to hire more employees. They just work us more hours I have had a minimum if 1200 extra paid hours for 4 years now. Please follow threw with regulations on how many hours an individual can work before people start paying the price for working so much and not living.  
Thank You
