Subject: Issuance of letter to Markey re: misplaced fuel pins

This is to inform the Comm Team that the letter to Representative Markey was signed out by the Chairman last night and will be faxed to the Congressional offices this morning. (I did not attach the letter since the Chairman's office is still working on the administrative actions and the version in ADAMS is not the signed version - hard copies will be provided to those that will be sending copies to external stakeholders). I've attached the rollout plan for this letter. The remaining actions are:

call and fax to State of Vermont (Sherman): Rosetta Virgilio
call and fax to licensee : Rick Ennis
