Subject: Latest version of the Enforcement Panel Worksheet

This is not the final version, but is the latest version I'm supplying to Region III EICS for them to update, complete, and issue.

The information presented is my view only - It has not been adopted by Region III management or EICS as the Regional position.

I'm providing it to everyone above so that they can provide Chuck, Ken O'B, and me any proposed changes/updates before it really is issued to support the Enforcement Panel, currently scheduled for Tuesday and Wednesday, April 5th and 6th, some time during the day (EICS to provide times).
