Ray,

Supplement 42 is attached (ML053320190). The profile for the file in ADAMS shows the public release date as 12/6/05.

When Entergy sends me a supplement electronically, they also send a hard copy through the mail to the Document Control Desk (DCD). The DCD is responsible for scanning and adding the document to ADAMS. It appears that some of the delay on this document was likely due to the Thanksgiving holiday.
