SUMMARY

We have reviewed your ^{letter} dated 12/13/05, requesting an amendment to your byproduct materials license and find that we need additional information as follows:

- Chip & I discussed how to approach amendment & need for it - resolved to add new Subitem "J." to minor "I," auth. re-distribution of BMS gens to Mallinck customers.
- I need NDA identifier information (see 7 I for example) from BMS for its generators to amend license.
- skip fax for NDC codes (~ same as NDA) so I completed amendment 12/14/05 & faxed it to him.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS).
