RE: Materials Testing, Inc.
Milford, CT
License No. 06-19909-01
- Radiation Safety Officer
- Change of Ownership

03019515

Gentlemen,

We, by this letter, are making a formal request to the change Radiation Safety Officer as listed in our license. Our license presently lists Michael Kelley as Radiation Safety Officer. We would like to have the license amended to have me, William J. Soucy, become the new Radiation Safety Officer. Enclosed find Certificate of Completion for the Radiation Safety and use of Nuclear Gauges course. I have extensive history in maintaining and using Nuclear Density Gauges in conjunction with the past Radiation Safety Officers in this company.

Also, be it known that the ownership of this company has changed. Half owner Frank A. Soucy had deceased. His share of the company was trusted to me (50%). Richard Kearns continues to be the other 50% of corporate ownership.

Finally, our zip code has recently changed from 06460 to 06461. We have *not* relocated.

We thank you for your attention to this matter. Please contact me if you need anything further.

Very Truly Yours,
Materials Testing, Inc.

William J. Soucy
President
