Subject: Phone call discussion with USEC on Emergency Management

Brian,

Last Friday (1/13) at 11:30 am, Mike LaMastra and I discussed 2 emergency management items with Kelly Coriell, Dave Couser and Jim Thomson of USEC. During the call we requested USEC to:

1. clarify the responsibilities during the various phases of an emergency by providing simple org charts in the Emergency Plan (EP). In the process, USEC should also clarify the role of the PSS during an emergency.

2. include the Lead Cascade in the EP as the EP is a sitewide EP.

USEC committed to addressing these comments and promptly providing the NRC the EP change pages.

Yawar
