Name of Licensee: Bryn Mawr Hospital  Name of Participant(s): Mike Bieda, AMP Sandy Gabriel, RI  Telephone No. 610-526-3372  Subject: Additional information for amendment request <small>(NOTE: This will be used as the Documents Title in ADAMS)</small>		
Summary: I discussed the following with Mike: 1) We are unable to accept the unsigned form 313A. This information is required to support the preceptor's narrative statement. 2) The ranges of dates supplied on the submitted form 313A do not support the preceptor's narrative statement that the proposed AMP completed one year of full-time training and an additional year of full-time work experience under his supervision. Please clarify. 3) The license authorizes both HDR and IVB. Do you want to propose this individual as AMP only for HDR or also for IVB?  Mike agreed to ask the preceptor, Dr. Das, to generate and sign a new form 313A. He stated that the request is for this individual to be AMP for HDR only.  [I also called Will Davidson at the University of Pennsylvania Radiation Safety Office and confirmed that Dr. Das, the preceptor, is authorized to work under their broad license as an AMP for HDR.]		
Action Required: Await submission of new, signed form 313A
