**RE: MERGER OF GEORGIA-PACIFIC CORPORATION AND KOCH FOREST PRODUCTS INC.**

Dear Mr. Seeley:

On December 23, 2005, Koch Forest Products, Inc. (KFP), a wholly-owned subsidiary of Koch Industries, Incorporated, completed its purchase of the outstanding shares of Georgia Pacific Corporation (Georgia-Pacific). KFP and Georgia Pacific have now merged, with Georgia Pacific as the surviving entity. Prior to this transaction Georgia-Pacific was a publicly held corporation. With the completion of this transaction Georgia-Pacific is now a privately held, wholly owned subsidiary of Koch Industries, Incorporated.

We are writing to inform you of the completion of this transaction and to advise that the direct ownership of our facility by Georgia-Pacific Corporation, is unchanged by this transaction, and that we intend to continue operating under the name listed on our environmental permit(s). As such, we do not believe it is necessary to modify or change the permit(s) listed above for our facility. Should you believe otherwise, please let us know, and also consider this a request to appropriately change our permits. Attached is a list of the permits issued to the facility

We appreciate the good working relationship we have enjoyed over the years and look forward to continuing that relationship in the future. If you have any questions, please contact Robby Bullock or myself at (434) 634-6133.

Sincerely,

  
Dr. F. S. Lin  
Plant Manager
