Division of Preparedness and Response
Office of Nuclear Security and Incident Response

FROM: Yen-Ju Chen, Sr. Emergency Preparedness Specialist/**RA**/
Emergency Preparedness Directorate
Division of Preparedness and Response
Office of Nuclear Security and Incident Response

SUBJECT: SUMMARY OF JANUARY 18, 2006, MEETING WITH THE NUCLEAR
ENERGY INSTITUTE REGARDING EMERGENCY PREPAREDNESS
PERFORMANCE AND INITIATIVES

On January 18, 2006, the Nuclear Regulatory Commission (NRC) Office of Nuclear Security and Incident Response management and staff held a Category 2 public meeting with the Nuclear Energy Institute (NEI) and stakeholders to discuss nuclear power plant emergency preparedness (EP) related issues at NRC Headquarters (HQ). This meeting was held as a portion of the regularly scheduled NRC EP counterpart meeting. An agenda is provided as Enclosure 1.

Regional management and EP inspectors, as well as HQ management and staff, were in attendance. A list of meeting attendees is provided in Enclosure 2.

NEI and licensee representatives made a series of presentations at this meeting. Enclosures 3 through 8 are the slides/handouts used to support these presentations. The presentations led to discussion and interaction between stakeholders and NRC management and staff. Subjects of discussion included lessons learned from force-on-force exercises, security-based drill/exercise program, development of security-based exercise evaluation criteria, NEI outreach activities, and protective action recommendation studies. NEI outreach activities have included a preparedness survey that involved the 64 emergency planning zones around nuclear power plants, and the development of a brochure titled "Nuclear Power Plant Emergency Preparedness: Protecting Our Neighbors in the Event of an Emergency." (ML060230348)

During the "public questions and comments" period, a member of the public provided comments, including the appropriateness of the security-based emergency action levels for the current threats, revision of the evacuation time estimate based on Katrina experience, and public notification systems.
