Mr. L. Edward Nanney, Director  
Division of Radiological Health  
Department of Environmental Conservation  
401 Church Street, L&C Annex, Third Floor  
Nashville, TN 37243-1532

Dear Mr. Nanney:

Enclosed is the exam for a member of your staff who attended the following course:

Transportation of Radioactive Materials Course (H-308)  
Chattanooga, Tennessee - April 22-26, 2002

The course examination results indicate that the individual did not meet the minimum standard for successful completion of the course, which is a grade of 70%. The NRC policy on successful completion of NRC training for Agreement States was sent to you by letter dated November 20, 1996 (SP-96-118). For your information, NRC does not consider its staff qualified until, at a minimum, the exams for required courses are successfully completed. Non-qualified NRC staff are not permitted to conduct independent inspections and license reviews in areas where they have not successfully completed the minimum training requirements.

One final re-examination may be given to a student for any given course. Any student who fails a re-examination must repeat the course to satisfy the training requirement.

The subject course can be successfully completed by attendance at a future course presentation and passing the examination. If you need additional information, please contact me at 301-415-2325 or Brenda Usilton at 301-415-2348.

Sincerely,

*Josephine M. Piccone*

MEMORANDUM TO: Paul H. Lohaus, Director, OSTP

FROM: Kenneth A. Raglin, Associate Director  
for Training and Development, HR 

SUBJECT: TRANSPORTATION OF RADIOACTIVE MATERIALS  
COURSE (H-308)

Mr. John Sullivan attended the subject course held in Chattanooga, Tennessee from April 22 - 26, 2002.

Course examination results indicate that Mr. Sullivan did not meet the standards for successful course completion. His course grade is 62 and a grade of 70% or higher is required for satisfactory completion.

The failed course can be completed by reexamination, or by registration and successful completion of the course. If you have any questions, please contact Paul Knapp (423) 855-6639.
