**NOTICE OF WEBCAST COMMISSION BRIEFINGS - MATERIALS AND WASTE SAFETY  
(STP-06-013)**

The Commission briefing on the status of the Nuclear Material Safety and Safeguards (NMSS) Programs, Performance and Plans - Materials Safety was held on February 8, 2006. This briefing was webcast live via the Internet and will be available shortly from the webcast archive on the NRC web page: <http://www.nrc.gov/public-involve/public-meetings/webcast-live.html>. The system requirements and instructions for viewing the webcast are found on the web page. The next Commission briefing by NMSS - Waste Safety can be viewed live or on archive two days following the live broadcast:

February 14, 2006      Commission briefing by NMSS - Waste Safety                      2:00 p.m.

If you have any questions regarding the web cast or the Commission briefings, please contact the individual named below.
