RECEIVED

RE: PAGE 1774 FEDERAL REGISTER
VOL 71 #7 WED. JAN 11 2006

Gentlemen:

WE THINKS YOU MUST BE FLYING AT ABOUT
35000' - TO CONCLUDE "THAT THE PROPOSED
2076 UPRATE FOR VERMONT YANKEE WOULD NOT
INVOLVE A SIGNIFICANT REDUCTION IN A MARGIN OF
SAFETY"! WE WHO LIVE HERE - ON GROUND
ZERO - FEEL IT IS UNREAL AND UNTHINKABLE TO
KEEP THIS AGING AILING PLANT GOING WITHOUT
LEAST A TOTAL COMPLETE INDEPENDENT INSPECTION
AS WAS DONE AT MAINE YANKEE (WHERE IT WAS
DETERMINED UNSAFE & SHUT DOWN) (IS THAT YOUR FEAR?)

PLEASE LISTEN TO THE PEOPLE WHO LIVE HERE
IN FEAR OF THIS UNNECESSARY DANGER - RECONSIDER
THE EVIDENCE WHICH WAS SO PASSIONATELY
PRESENTED AT OUR HEARING HERE IN BRATTLEBORO
AND BE NOT DEFELECT IN YOUR DUTY TO PROTECT
US. HAVE YOU FORGOTTEN CHERNOBYL? HAVE YOU
ALREADY FORGOTTEN THAT YOUR JOB IS TO PROTECT
US - NOT ENERGY'S BOTTOM LINE?! THIS MAY BE YOUR
LAST CHANCE TO VOTE WITH INTEGRITY!

John Clark
